Career Objective

Motivated Computer Science student seeking an internship as a Backend or Full Stack Developer. Passionate about building scalable web applications using Django and React with strong knowledge of REST APIs, databases, and OOP.

Skills

Languages

Python, JavaScript, C, C++

Frameworks

Django, React

Databases

PostgreSQL, MySQL, Supabase

Tools

🐙 Git ✂ Postman ☁ Vercel 📺 Render

Others

REST API, OOP, Basic Data Structures and Algorithms

Projects

SeatFlow

Django, React, PostgreSQL

- Built a full-stack restaurant management system
- Real-time seat reservation and order tracking
- Developed REST APIs for frontend-backend communication
- 🐙 Backend Repo 🔗 Live Demo

FlexZone

Django, React, PostgreSQL

- Fitness management platform with dynamic features
- Integrated APIs for seamless data handling
- Clean and responsive UI
- 🐙 Repository 🔗 Live Demo

Education

Diploma in Computer Science and Technology

Jashore Polytechnic Institute
Running (7th Semester), 2022–2023

SSC (Science)

Shipaipara High School, 2022
