

Md Forman Ali

Django Developer

Panchagarh, Bangladesh | Phone: 01315590623 | formanislamhridoy@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Objective

Backend-Focused Python Developer with deep proficiency in Django and scalable system design. Skilled in building RESTful APIs and integrating them with modern React frontend interfaces. Proven technical ability through developing end-to-end applications with clean architecture and optimization.

Skills

Languages: Python, C, C++, JavaScript

Frameworks: Django, Django REST Framework, React

Concepts: OOP, Basic Data Structures & Algorithms

Tools: Git, GitHub, Postman, PostgreSQL, MySQL

Projects

Flex Zone – Gym Management System API

[Live Site](#) | [Client](#) | [Server](#)

RESTful API-based gym management system for memberships, class booking, and attendance tracking with role-based access control.

- Implemented JWT authentication with role-based access (Admin, Staff, Member)
- Built modules for membership, booking, attendance, and reporting
- Integrated SSLCommerz payment gateway with secure transaction handling

Tech: Django, DRF, JWT, SQLite, Supabase, SSLCommerz

SeatFlow – Restaurant Booking System

[Live Site](#) | [Client](#) | [Server](#)

Scalable restaurant system for table reservation and food ordering with concurrency-safe booking logic.

- Built concurrency-safe table reservation system to prevent double booking
- Integrated SSLCommerz payment system with secure callbacks
- Optimized DB performance using `select_related` and `prefetch_related`

Tech: Django, DRF, PostgreSQL, JWT, Cloudinary, SSLCommerz

Education

Jashore Polytechnic Institute

Diploma In Computer Science and Technology

2023-Present

Language

Bangla (Native), English (Basic)
